

Appl. No. 10/791,695
Supplemental Paper dated July 19, 2007
Reply to Office action of July 5, 2007

REMARKS

This paper is supplemental to the Amendment dated June 18, 2007 and amends the reissue application to comply with 37 CFR 1.173.

In the Amendment, claims 1-2, 9, 16, 19, 23-27, 31-33, and 37-47 are amended such that claims 1-10, 12-20, 23-34, and 36-47 are pending in this application. Claims 11, 21-22, and 35 have been canceled. Applicants respectfully request allowance of all the pending claims.

Support for Changes Made to the Claims

37 CFR 1.173(c) requires "an explanation of the support in the disclosure of the patent for the changes made to the claims." Claims 1 and 37-39 include the term "manifold" which is supported as element number 96, at least at Figures 1-2 and 4-5 and at column 11, lines 61-62. Claims 9, 16, 19, 23-26, and 44-47 include the term "received" which is supported in claim 1 of the issued patent. The amendments to claims 27, 31, 32, and 37-43 further include language supported in claim 1 of the issued patent. Claims 31-33, 37-41, and 44-45 include the term "liquid heat transfer medium" which is supported as element number 26 in Figures 5-9, and at least column 4, line 51, column 13, line 23, and column 16, line 16. The support for changed claims was also set forth in the remarks section of the response dated June 18, 2007.

Conclusion

In view of the above amendments and remarks, the Applicants submit that the claims, as amended, are novel and patentable over the prior art, that all the rejections to the claims have been overcome, and that the application is in condition for allowance. Early, favorable consideration is respectfully requested. Applicants kindly request that the Examiner telephone the attorney of record in the event a telephone discussion would be helpful in advancing the prosecution of the present application.
